<b>Award Description</b>	This grant funds 3 important water quality management planning projects. CREATING A TRAINING BLUEPRINT FOR GREEN JOBS IN DELAWARE addresses water quality and TMDL issues by including options and requirements for sustainable landscaping practices, low impact development including the use of rain gardens, rain barrels, cisterns, pervious pavement, green roofs, and other green technologies. Conservation, restoration and/or enhancement of wetlands and forested areas, including riparian buffers, are highly encouraged and rewarded as well. Finally, implementation of Pollution Control Strategy recommendations, which address and implement TMDL requirements, have also been

<p>included within the criteria for Super Green Certification.</p> <p>A major barrier to building green projects is the lack of trained and qualified laborers available to properly install green infrastructure and energy efficient practices. Builders and contractors may lack knowledge of conservation practices, available green technologies, and skills to install green technologies. Local government and decision makers such as planning and zoning commissions, also lack knowledge of the benefits and need for environmentally sustainable and energy efficient practices, lack resources to review and approve projects with such practices, and lack knowledge to be able to recommend changes to existing codes or be able to develop new codes and ordinances related to green infrastructure, water quality and energy. As part of the Super Green Initiative, we have also identified a need for a new skill set for the private sector that will prepare environmental reviewer to verify green building practices. This project focuses on a training plan in order to fill these voids.</p> <p>ST. JONES RIVER WATERSHED PLANNING involves the passing through of funding from DNREC to the City of Dover to support efforts to develop an implementation plan that will identify water quality improvement projects that are feasible based upon published water quality benefits, the cost-benefit of the projects, landowner willingness, and other factors that will enhance the likelihood of success. The implementation plan will identify sources of</p>

	<p>funds and leveraging opportunities for design and construction of candidate projects. Additionally, the City of Dover desires to plan and create a stormwater utility for that portion of the Watershed within the City's municipal boundaries that will meet the requirements of Municipal Separate Storm Sewer System (MS4) regulations.</p> <p>INLAND BAYS POLLUTION CONTROL STRATEGY IMPLEMENTATION PLANNING will fund efforts of the Sussex Conservation District to receive training on the PCS regulations, assist DNREC with training of consultants, review Best Management Practices (BMPs) necessary to achieve nutrient reductions called for by the TMDLs, review location and width of buffers from primary and secondary water features, determine developer/contractor compliance with the stormwater elements of the Regulation and provide compliance assistance, and determine which parcels are subject to the Regulation based upon criteria outlined in Section 1. Authority and Scope.</p>

## Project Information

Project Name or Project/ Program Title	FY 2009 DE DNREC ARRA WQMP Grant	Activity Codes (NAICS or NTEE-NPC) (up to 10)
Quarterly Activities/ Project Description	<p>The Delaware Technical and Community College green jobs curriculum project continues to move forward and is on track. The subject matter experts continue to develop lesson plans for the modules. A major accomplishment this quarter was the completion of the Silver Lake Sub-Watershed Implementation Strategy for the Silver Lake Commission. Held two meetings with DNREC personnel to discuss the clean-up of Mirror Lake; continued to prepare Silver Lake Commission meeting agendas, materials and minutes; continued to plan and assist with stormwater improvements to the grounds of the Delaware Agricultural Museum; participated in planning meetings for the Rain Gardens for the Bays and Fertilizer campaigns (both EPA sponsored); staffed the Rain Gardens for the Bays display at various public outreach events; installed native gardens and planter boxes at the DNREC headquarters building as part of the DNREC Environmental Improvement Plan; facilitated a public meeting that explained proposed plantings along Park Drive and worked with the City of Dover to install an initial dozen trees along Park Drive (Phase 3 of the Silver Lake Park Revitalization Project); assisted with St. Jones watershed outreach activities for 1st graders at the St. Jones Reserve, assisted with the City of Dover MS4 permit compliance; attended a stormwater retrofit training by the Center for Watershed Protection; and continued to be</p>	<p>Activity Code 1 C06.09 Activity Code 2 Activity Code 3 Activity Code 4 Activity Code 5 Activity Code 6 Activity Code 7 Activity Code 8 Activity Code 9 Activity Code 10</p>

	involved with Polytech High School's plant propagation, Delaware Technical Community College's stormwater management plan and improvements and development of the St. Jones Watershed Pollution Control Strategy. Another highlight this quarter was the installation of 3 large rain gardens at Fairview Elementary and H.O. Brittingham Elementary. In total, over 1,000 elementary students learned about rain gardens, watersheds and helped plant approximately 4,000 plants.
<b>Project Status</b>	Completed 50% or more
<b>Total Federal Amount ARRA Funds Received/ Invoiced</b>	156331.05
<b>Number of Jobs</b>	2.00
<b>Description of Jobs Created</b>	The Number of Jobs was calculated as a quarterly FTE per OMB guidance (M-10-08). The St. Jones Watershed Coordinator positions were funded entirely by this ARRA grant during the quarter. A total of 487.5 work hours were available during the quarter and 975 hours were worked between the 2 Coordinators; therefore, the number of jobs created is 2.00.
<b>Total Federal Amount of ARRA Expenditure</b>	156331.05
<b>Total Federal ARRA Infrastructure Expenditure</b>	0.00
<b>Infrastructure Purpose and Rationale</b>
